REPLY TO OFFICE ACTION

Sir:

Applicants hereby respond to the Office Action dated September 27, 2001 which did not address the merits of the above-identified patent application, but required restriction of the application.

Claims 1-63 were pending in this application. The Examiner has stated that the originally-filed claims are directed to two distinct inventions as follows:

- I. Claims 1-46 and 59-63\* are directed towards apparatus.

---

\* Applicants believe the Examiner intended to refer to claims 1-46 and 59-63, instead of claims 1-47 and 59-63. If applicants are incorrect, the Examiner is invited to so state in the next communication.

II. Claims 48-58 are directed towards a method of use.

Applicants hereby elect without traverse the invention of Group I (claims 1-46 and 59-63) for examination in this application. This election is expressly without waiver of applicants' right to pursue claims in Group II in one or more divisional applications.

An early and favorable action is respectfully requested.

Respectfully submitted,

James A. Leiz
